PRESTON  
INNOVATIONS

[EnglishFishing.ru](http://EnglishFishing.ru)

#### SIMPLE IS BEST...

The past twelve months have seen some really exciting developments at Preston Innovations and as always our dedicated product design team has been working alongside our network of consultants; striving to innovate and develop the best fishing tackle possible and as a result this year we really do have some special products for you.

#### POLES APART...

Most exciting of all is the new range of **Response poles**. Made exclusively with 100% Torayca High Modulus Japanese Carbon Fibre they are a complete change in design format for Preston Innovations and combine all of the essential characteristics required for high performance poles. Aimed at the ever evolving pole market and designed to cater for all angling needs they are ultra-stiff and deceptively strong whilst retaining perfect balance and responsiveness, hence the name. With comprehensive spares packages as well as a host of optional extras there is something for every serious pole angler. It is no overstatement to say the **flagship M90** is quite literally the best pole we have ever seen.

#### ROLL WITH IT...

We are also pleased to unveil our new range of **Flat Pole Rollers** which have been completely re-designed to incorporate new, forward thinking technologies. All feature roller bearings, fixed upright rollers and integral spirit levels; offering unrivalled performance they are also ultra-quick to assemble thanks to our new quick lock leg mechanism.

Sometimes the simplest ideas are the best and this is true of the new **Space Saver Keepnet** which incorporates a unique rotated top ring enabling the angler to locate more keepnets in the limited space around their box, essential for commercials when targeting big weights. Simple but effective its compact design also aids packing away when multiple nets are required.

#### BOX CLEVER...

Following the ever increasing popularity of the **Absolute Station** we are proud to unveil two brand new versions. With many new and improved design features the **Black Edition** is supplied 'ready to fish' and for the angler that wants a box that they can build to their own personal specification we have the **White Edition** which is supplied 'stripped down' ready for the angler to configure with their own combination of trays and drawers.

Due to increased demand we also have a new addition to the **OnBox Series 5 range**; the **Backrest 2D** utilises a fixed version of the padded seat from last years revolutionary **OnBox 360** for anglers that want comfort and support in the form of a conventional seatbox.

#### AND IF THAT'S NOT ENOUGH...

We have **Monster 3+3 holdalls** designed in conjunction with the all-conquering England Feeder Team; specifically aimed at accommodating all feeder fishing essentials as well as a range of high quality running line floats for the purists amongst us and a whole lot more in the following pages.

So thank you all for your continued support and lets look forward to a successful 2016.

*Scott Greene* Preston Innovations Brand Manager

### RESPONSE M90

Made exclusively with 100% Torayca High Modulus Japanese Carbon Fibre the Response M90 sets a new precedent in high performance pole technology. Ultra-stiff and responsive with impressive strength reserves that belie its lightweight and balanced construction resulting in the most complete flagship pole we have ever produced. Whether bagging on a commercial, long-lining on a river or speed fishing for small fish the Response M90 has it all.

The pole measures a true 16m when fitted with the reinforced half extension which is supplied as standard and eliminates the possibility of butt section damage when striking at long distances; this dual purpose extension also fits the 14.5m section. The package also includes two additional bi-conical mini extensions which fit sections 5/6 and 7/8 respectively giving total protection regardless of the distance you are fishing.

The M90 is supplied with a total of twelve top kits; a combination of optimum length 2.4m match kits and Roller Pulla power kits that require no cutting back as all are pre-bushed with genuine Preston Innovations Slip Bushes, ready to fish. So whichever kit is fitted you will always be fishing at the same length ensuring accurate feeding and rig placement. Carbon fatigue is minimised with the addition of internal reinforcement on all female sections and the M90 features an additional 1K woven reinforcement on the male sections.

To further optimise performance EVA elastic alignment cones with PTFE bushes are supplied for every top kit and all sections feature section alignment arrows for maximum efficiency. Shipping in all conditions is assisted by the Easy Ship anti-friction finish on all sections to ensure fishing will not be compromised, regardless of the weather. Packing into one section at 14.5m all sections and spare kits come supplied in protective tubes as standard and are housed in a bespoke Response Monster Pole Holdall.

## RESPONSE M50 AND M70

Made with the same 100% Torayca High Modulus Japanese Carbon Fibre as the flagship M90, the Response M50 and M70 share lots of the same characteristics. Stiff, strong and responsive with impressive balance and recovery on the strike; these two models make up the most complete range of poles we have ever produced. They are true all-rounders designed to meet the demanding requirements of modern match fishing.

Both poles are a true 16m in length when fitted with the reinforced half extension which is supplied as standard and are fully interchangeable with the M90. Including the 16m half extension, which also fits the 14.5m section, the package contains a total of three mini extensions, two of which are bi-conical and fit sections 5/6 and 7/8 respectively giving total protection regardless of the distance you are fishing.

Both poles are supplied with a combination of optimum length 2.4m match kits and Roller Pulla power kits that require no cutting back as all are pre-bushed with genuine Preston Innovations Slip Bushes, ready to fish. The M70 has a total of eight kits whilst the M50 has seven and whichever kit is fitted the pole will always be the same length ensuring accurate feeding and rig placement.

To further optimise performance EVA elastic alignment cones with PTFE bushes are supplied for every top kit and both poles feature section alignment arrows for maximum efficiency. Carbon fatigue is minimised with the addition of internal reinforcement on all female sections and shipping is assisted by the Easy Ship anti-friction finish on both poles to ensure fishing will not be compromised in any conditions. Both models pack into one section at 14.5m all sections and spare kits come supplied in protective tubes as standard and each pole is supplied in a bespoke Response Monster Pole Holdall.

## RESPONSE M70

Masterclass Tyson

HIGH PERFORMANCE HIGH MODULUS CARBON CONSTRUCTION

## MASTERCLASS TYSON

With more and more venues in Europe containing carp and even sturgeon, the demand for even stronger poles is growing.

Most of these venues are deeper than the traditional commercial lakes in the UK so require different kit packages. This means that stronger number 4 sections are required so we have upgraded the traditional 4th section (first section after the power kit).

The extra strength here gives you the confidence you need to apply the required pressure when netting fish and having a spare power top 3 enables you to use a longer length of elastic in your top sections, using a deep water pulla if required. The sections feature joint alignment arrows and Easy Ship finish to ensure optimum performance.

### MASTERCLASS TYSON 11.5M PACKAGE

- 1 x 11.5m Pole
- 1 x Power Top 3 Kit
- 1 x Mini Extension
- Sections: 8
- Elastic Rating: 0.26/No20

### TRADE QUANTITY: 1

FOR BIG WEIGHTS AND  
BIG FISH!**

## POWERMAX 55/66/77

A range of high quality short poles for the European market. When fishing is limited to certain lengths there is no need to compromise on quality. Shortening a high quality long pole isn't always the right way as often the pole becomes too stiff and even too weak. The Preston Innovations Powermax poles offer you the ideal solution for all your short fishing. These poles are built on a short section mandrel and every section has an incredible wall thickness and an Easy Ship finish. Perfect for fishing down the edge for big fish and line to hand in harbours.

UNTIL NOW THE NAME 'ABSOLUTE' HAS BEEN RESERVED ONLY FOR OUR VERY BEST, TOP-END POLES, BUT WHEN WE HAD OUR TEAM OF STAR CONSULTANTS LITERALLY ARGUING ABOUT WHO GOT TO USE EACH OF THE SAMPLES, THERE WAS CLEARLY ONLY ONE NAME APPROPRIATE FOR THIS STUNNING RANGE OF RODS.

### ABSOLUTE® 12' SUPER FLOAT

There are times when a 13ft rod is excessive or not needed, this new addition to our flagship rod range is perfect for those occasions. Incredibly light and crisp, this stunning rod has a delightful fish playing action. The delicate hollow tip cushions any sudden lunges and is ideal for light hooklengths and small hooks.

### ABSOLUTE® 13' SUPER FLOAT

The 13ft Super Float is a beautifully refined, responsive rod, and is the result of 12 months continual development to produce a rod suitable for a world champion. The tip section features two additional guides to the standard 13ft Float, which help to provide a slightly softer but ultimately more precise action. A superb rod in every respect.

### ABSOLUTE® 13' FLOAT

With a slightly more powerful through action compared to the Super Float, the 13ft Float is ideal for all variations of waggler fishing. The hollow tip is soft enough to cope with light hooklengths and small hooks, but seamlessly transfers the power into the mid-section when larger fish are hooked.

#### TRADE QUANTITY: 1

### ABSOLUTE® 14' FLOAT

Having a similar action to the 13ft Float, the Absolute 14ft offers greater line control and casting ability, making it perfect for both rivers and stillwaters using fine hooklengths for silver fish or small carp. The fine hollow tip has a fast action that blends perfectly into the mellow actioned mid section.

#### TRADE QUANTITY: 1

### ABSOLUTE® 15' FLOAT

Designed for all-round river work and distance float fishing, the 15ft Float is the perfect tool when casting performance and ultra fast line pick up are required. Featuring an advanced blend of carbon, the 15ft Float has a lightning fast tip speed that makes it suitable for delicate styles of fishing with light hooklengths and small hooks.

#### TRADE QUANTITY: 1

### ABSOLUTE® 17' FLOAT

No traditional styled flagship range would be complete without a true long rod. The 17ft Float, as with the rest of the Absolute range, has a light and responsive action. Featuring a fine tip action, with stiffness and power in the butt and middle section. The guide quantity and spacing have been carefully selected to maximise performance.

### ABSOLUTE® 11' 6" SUPER FEEDER

The 11ft 6" Super Feeder is real gem of a rod thanks to its forgiving action. Ideal for targeting skimmers and bream with either open ended or method feeders at venues like Porth reservoir, as well as bomb fishing in winter where the soft through action works perfectly with light hook lengths. Supplied with three balanced tips.

**TRADE QUANTITY: 1**

CODE	DESCRIPTION

### ABSOLUTE® 12' 6" FEEDER

The Absolute 12ft 6" Feeder offers great versatility. It can handle light hooklengths thanks to the design of the tip section, which makes it an outstanding bream or river chub rod, but also has power in the butt section which really comes into its own when a longer cast is required. Comes supplied with three carefully selected quiver tips.

**TRADE QUANTITY: 1**

## THE NEXT LEVEL OF MINI RODS

New technological advancements have facilitated increased blank strength without compromising the trademark forgiving, fish playing action which makes them first choice for commercial carp anglers. Featuring fast taper tips and an ergonomically designed soft touch reel seat, the range will cater for everything from short range method feeder fishing to long range pellet waggler fishing.

### MINI PLUS FEEDER TIPS

## MINI PLUS 10' FEEDER

This is the next generation of the '10ft Mini' which is synonymous with commercial carp fishing. The blank features a progressive yet forgiving action which is strong enough to cope hard fighting carp yet balanced enough to use for skimmers with fine terminal tackle. The perfect all round feeder rod for the commercial angler.

### TRADE QUANTITY: 1

# DUTCH MASTER®

## METHOD FEEDER 11' 8"

Developed specifically for the increasing popularity of Method Feeder fishing throughout Holland and Europe. The 11ft 8 has a precise through action that offers considerable casting ability combined with fine fish playing action. Featuring a shorter handle than the standard Dutch Master range that is more suited to this style of fishing. Supplied with three precise quiver tips.

### TRADE QUANTITY: 1

CODE	DESCRIPTION
CARBDM/08	Method Feeder 11' 8"
ASSEMBLED LENGTH	3350mm
TRANSPORT LENGTH	1530mm
PRODUCT WEIGHT	200g

TIP DIAMETER	3.5mm
HANDLE MATERIAL	Cork & Duplon

## METHOD FEEDER 12' 8"

With its increased length and more powerful blank, the 12ft 8" Method Feeder offers greater casting ability. A proper fish playing action has been retained, enabling fish of all sizes to be retrieved with minimum fuss. Again featuring a shorter handle than the standard Dutch Master range that is more suited to this style of fishing. Supplied with three precise quiver tips.

**PROTECTED INNOVATION**

CARBONACTIVE

DUTCH MASTER 11' 8" (354cm) METHOD FEEDER

The **PC-R Competition** range has been developed to provide precision engineering and enhanced performance, combined with the feeling of power and durability.

The push button, quick release aluminium spool delivers the top quality front drag system and features an over-sized line clip for supreme confidence on the cast. Operating on 9 stainless steel ball bearing, these stunning reels are incredibly smooth, deliver superb line lay, and have all the winding power demanded by the modern match angler.

• **Parallel Line Lay Oscillation System**

The line lay system prevents line bedding in on the spool

• **Over-Sized Metal Line Clip**

Features an over-sized line clip, set lower on the spool to provide supreme confidence on the cast, complete with a soft plastic insert to protect your line

• **Lightweight Aluminium Body with Sealed Construction**

Protects all of the internal mechanics, maximising the life of the reel

• **Quick Release Push Button Spool System**

Aluminium, double anodized, large arbor spool featuring a precise front drag system and quick release mechanism

**Other Features:**

- Lightweight balanced rotor
- Sealed one way clutch anti-reverse system
- Sealed drag system
- 9+1 Stainless steel ball bearings
- Stainless steel hollow bail wire
- Oversized bail arm roller
- Machined gunsmoke aluminium handle and handle screw
- Soft touch handle knob
- Left and right hand retrieve
- Spare spool

**READY ROD SPOOL SAFE**

Protects spools when in transit or storage.

# ABSOLUTE BLACK EDITION

## QUICK LOCK FOOTPLATE

Easily removable and lockable in any position, with convenient triple-start handwheels.

## THREADED END CAP INSERT

Two of the 30mm round profile legs are fitted with threaded inserts for attaching pole socks, butt rests and other accessories.

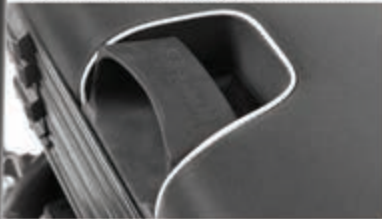

## ERGONOMIC, ANTI-SNAG HANDWHEELS

The oversized handwheels make it quick and easy to set your seatbox up when you arrive at your peg.

## POLE RETAINING STRAP

Carbon-friendly soft-touch strap holds your pole securely without damaging your butt section.

## CAPTIVE INTERNAL LEGS

Telescopic D-shaped profile inner leg for ultimate stability. Captive design to prevent loss during transit.

## UNDER-SEAT STORAGE

We've utilised the 'dead space' under the seat by including three hooklength retaining boxes. Also comes complete with two fully loaded winder trays.

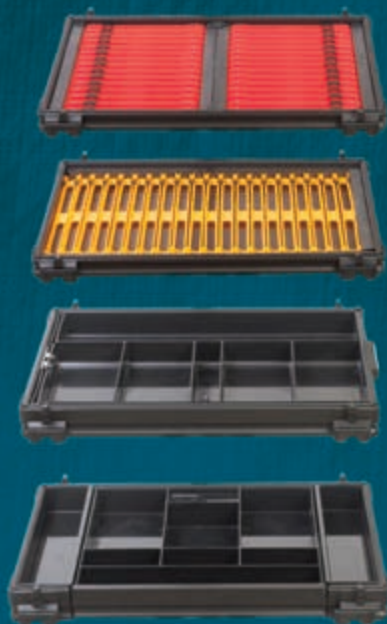

COMPLETE WITH 2 SHORT  
**OFFBOX**<sup>PRO</sup>  
BNSA 2000  
KEEPNET ARMS

MAXIMUM HEIGHT (TOP OF LEGS)	535mm
MAXIMUM WIDTH	720mm
MAXIMUM DEPTH (FOOTPLATE CLOSED)	560mm
MAXIMUM DEPTH (FOOTPLATE OPEN)	850mm

## ABSOLUTE STATION BLACK EDITION

This new premium seatbox takes over from the previous Absolute Station and brings with it all of the features that have made it the must have seatbox for many anglers.

Its sturdy construction and modular configuration have ensured that it is not only practical and durable but adaptable for all angling situations.

Maintaining the robust 30mm leg configuration and ergonomic handwheel design, as well as the solid covered footplate which is now lockable in any position and utilises handy 'triple start' handwheels for ease of assembly; the box now boasts a redesigned carbon-friendly pole retaining strap, new captive internal leg design, improved detachable shoulder strap as well as threaded inserts on two legs and is supplied with two fully loaded winder trays.

Sporting a new stealth-like all black appearance the box comes complete with a seatbox cover and shuttle adaptor providing the discerning angler with the perfect 'ready to fish' flagship seatbox.

# ABSOLUTE WHITE EDITION

## ABSOLUTE STATION WHITE EDITION

To complement the 'ready to fish' Black Edition this box is aimed at the angler that wishes to tailor their seat box configuration to their own exact specification. Therefore, it is supplied as a basic, stripped down version with the option of adding the required amount of winder trays and drawers suitable for the individual.

Complete with tried and tested 30mm leg configuration, ergonomic handwheel design and solid covered footplate with handy 'triple start' handwheels for ease of assembly, the box now boasts a redesigned carbon-friendly pole retaining strap, new captive internal leg design, improved detachable shoulder strap as well as threaded inserts on two of the six legs.

Sporting a striking white frame with contrasting trim and graphics this really is the box to be seen with on the bank.

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
ABST/25	Absolute White Edition

### FEATURES:

- Lighter Aluminium construction
- Carbon-friendly pole retaining strap
- Integral spirit level
- Removable quick lock footplate
- Detachable shoulder strap
- Under seat storage for hooklength boxes (not included)
- Captive internal telescopic legs
- 30mm profile legs (2 with threaded insert)
- Anti-snap hand wheels

### SUPPLIED WITH:

- 1 x 26mm Shallow Unit (with sliding runners)
- 1 x 26mm Shallow Unit (fitted to frame)
- 1 x Lid with Handle
- 2 x OffBox Pro Snap-lok Short Keepnet Arms
- 1 x Shuttle Adaptor

### ABSOLUTE STATION SPARE LEGS

Ideal for customising your box. Long (750mm) are ideal for wading situations and side tray support legs when fishing from platforms. Standard (500mm) provide a direct replacement for the legs of the seatbox or side trays on flat terrain. Short (350mm) replace legs when the longer length hinders movement around your peg.

LEGS ARE SUPPLIED UNIVERSAL WHICH CAN EASILY BE CHANGED BY REMOVING THE FOOT AND REFITTING THE OPPOSITE WAY AROUND.

**TRADE QUANTITY: 1**

## ONBOX 360

A revolutionary new concept in seatbox technology, featuring a padded, fully rotating seat with cushioned backrest. No more straining to reach that tricky margin swim or twisting your back uncomfortably in awkward confined pegs. It provides all the comfort of a chair with the functionality of a seatbox and the ability to rotate to any given position. Lightweight and easy to transport with padded shoulder strap and rigid carry handle, the OnBox 360 is fully compatible with OnBox/Space Station Add-On units. Perfect for float, feeder or pole fishing.

DESIGN ALLOWS THE BACKREST TO FOLD DOWN FOR EASIER TRANSPORT AND STORAGE

MONSTER FEEDER CHAIR

PADDED SEAT OFFERS SUPERB COMFORT

ADJUSTABLE LEGS ALLOW ANGLERS TO TACKLE THE MOST UNEVEN BANKS WITH EASE - SIMPLY LEVEL EACH LEG

## MONSTER FEEDER CHAIR FOOTPLATE

Attach keepnets and other accessories to your footplate legs using the vast array of existing OffBox accessories to customise your fishing station.

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
PMFCHAIR/02	Monster Feeder Chair Footplate

## LOTS OF GEAR TO TRANSPORT? THEN YOU NEED A PRESTON INNOVATIONS TROLLEY

You can load it up with all of your gear and because of their unique designs they're still easy to load and push.

### ONBOX TROLLEY

The OnBox Trolley can be fitted to any OnBox seatbox in seconds, without the legs of the box being removed. Once in use the weight of the box is balanced over the two puncture proof moulded EVA tyres to make transporting easy.

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
ONBOX/12	Onbox Trolley

### OFFBOX UNIVERSAL TROLLEY

Suitable for the complete OnBox range, Space Stations and other manufacturers seatboxes. Features adjustable height solid wheels and base load area, and a carryall bar with integrated loops for securing bungee straps. Quick and easy to dismantle for transportation.

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
OFFBOX/79	Universal Trolley

### 2-PIECE PLATFORM

Features a large lightweight aluminium area which breaks down into two pieces for easy transport. Large enough to accommodate our Absolute Station seat box along with many other manufacturers' boxes, the larger profile legs offer a super stable fishing platform and is compatible with OffBox accessories. The complete fishing station.

W: 840MM H: 740MM

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
PFORM1	2-Piece Station Platform

**FOUR WHEELED SHUTTLE**

Takes the strain out of getting your gear to your pegs. The support bar is fully adjustable to suit our OnBox and Space Station designs and it can also be turned around making the shuttle suitable for a wide range of other boxes. With four wheels supporting its entire weight it's simply a matter of pushing it to your peg. The problem of punctures is eliminated by the solid tyres which can be adjusted to give more ground clearance. The whole shuttle can be disassembled for packing into your car or storing at home. Comes complete with a load compartment which is ideal for transporting clothing or bait.

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
SPST/16	Four Wheeled Shuttle

**SPACE STATION SHUTTLE GROUND BAIT BUCKET HOOP**

Purpose designed to accommodate most groundbait buckets and makes it easier to load your shuttle. Front loading to transfer and distribute weight, which improves balance and makes your shuttle easier to push.

- Fits 2 and 4 Wheel Shuttles\*
- Will accommodate 17-25 litre buckets
- Instant fit
- Transfers weight for ease of use
- Angled for optimum performance

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
SPST/18	Groundbait Bucket Hoop

Bucket & shuttle not included

\*models with removable front bar only

**PROTECTED  
INNOVATION**

### SPACE STATION / ONBOX SHUTTLE

Developed to carry the Space Station, Xbox and other seatboxes using the supplied converter. Provides a large luggage loading area for carryalls and an additional removable Utility Bag between the handles for extra storage. In addition, the handle bar system incorporates a foam covered cross bar that can be used to support rod holdalls.

Once loaded, the angler can transport a complete set of tackle with ease compared to traditional seatbox trolleys. This has been achieved by positioning the wheels directly beneath the heaviest part of the loaded shuttle, giving optimum balance. Can be quickly assembled and dismantled to fit comfortably inside most car boots.

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
SPST/09	Space Station Shuttle
SPST/10	Utility Bag Only (spare)

### 4 WHEEL SHUTTLE CONVERSION KIT

Converts existing two wheeled shuttles in to four wheeled versions.

- Easy to fit
- Fully load bearing
- Optional 2 or 4 wheel use
- Improved stability

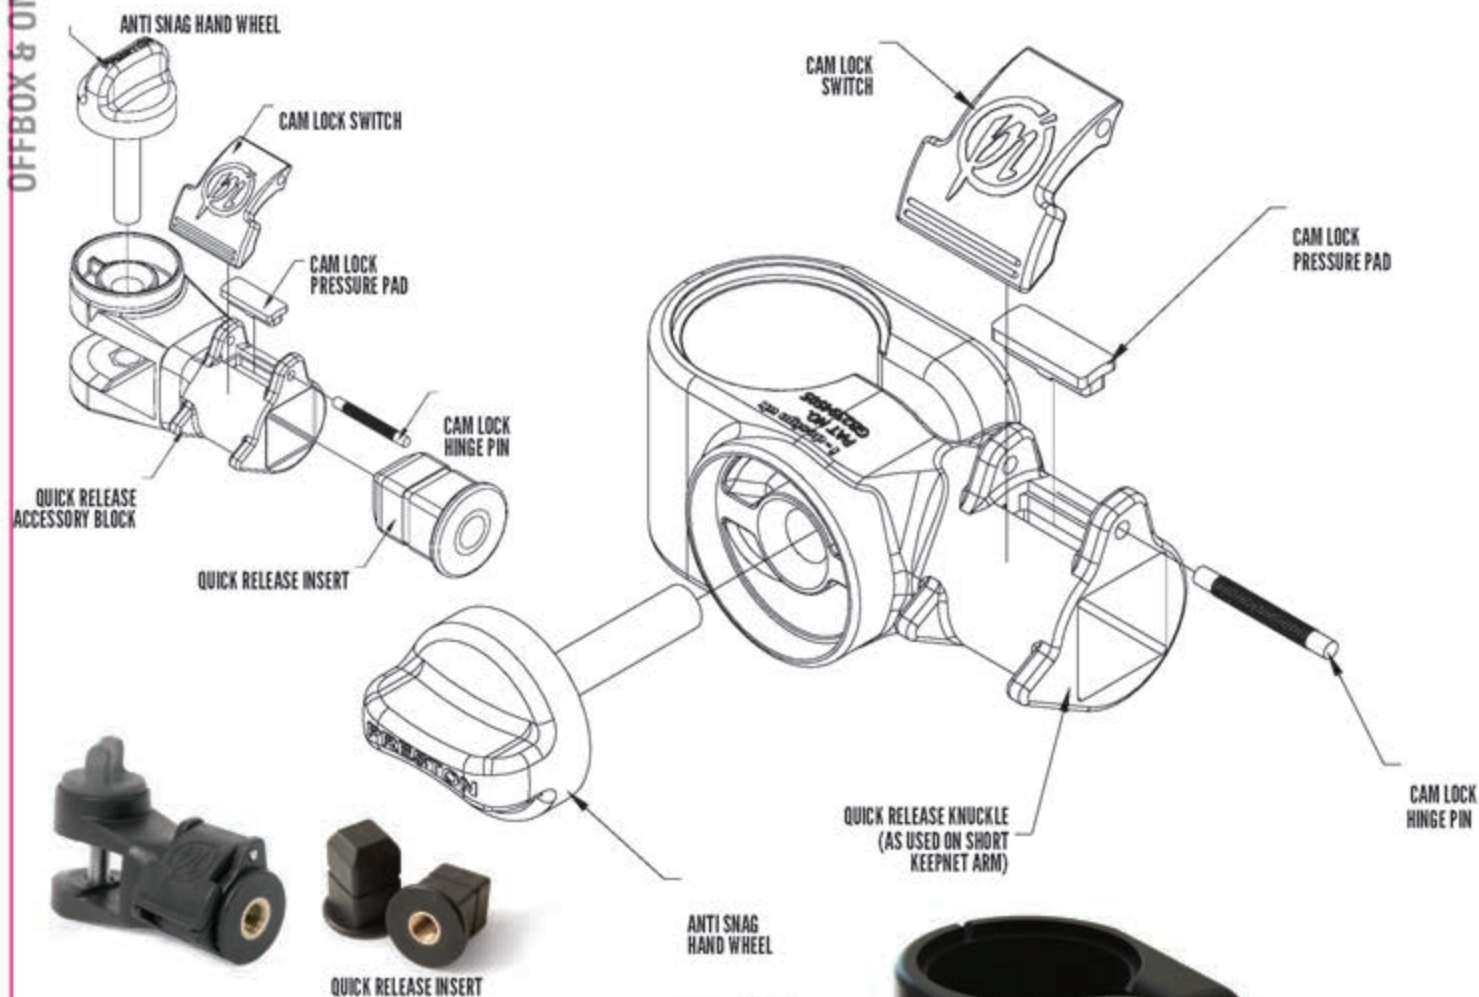

INCLUDES: 2X ADAPTORS & 2X WHEELS

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
SPST/19	4 Wheel Shuttle Conversion

# OFFBOX PRO

OFFBOX PRO AND OFFBOX PRO SNAP-LOK IS THE NEXT GENERATION OF SEAT-BOX ACCESSORY AND IS A NATURAL EVOLUTION OF THE EXISTING OFFBOX RANGE OF PRODUCTS. WITH UNIQUE DESIGN FEATURES AND DEVELOPMENTS WE CONTINUE TO INNOVATE, NOT IMITATE!

## OFFBOX PRO SNAPLOK

### SNAP-LOK QUICK RELEASE CAM

For ease of assembly and interchangeability leave the knuckle attached to the seat box leg and simply snap on the appropriate accessory. Makes tackling up and packing away quick and simple and allows accessories to be removed or changed whilst in use.

### ANTI-SNAG HAND WHEELS

New ergonomically designed and featuring soft rubberised finish, the handwheel conveniently locates within the knuckle to avoid trapping line and terminal tackle whilst fishing.

### OFFBOX CAPTIVE INSERTS

Improved design allows the insert to be located securely within the knuckle to avoid detaching during assembly or transit. Existing inserts are still compatible with offbox pro accessories.

### SIDE TRAY SET

A multi-functional tray set, comprising of a Super Side Tray, and a Deep Bait Tray. The side tray has location points on the underside, allowing the bait tray to be slid underneath - ideal for keeping baits and accessories dry in wet conditions.

INSERTS SUPPLIED: 25MM ROUND, 23MM ONBOX, 19MM SQUARE  
DIMENSIONS: L: 430MM W: 390MM

**TRADE QUANTITY: 2**

CODE	DESCRIPTION

**INCLUDES  
FEEDER  
REST**

### SNAPLOK

#### PRO FEEDER ARM

Its unique design makes it one of the strongest and most stable feeder arms on the market. It has dual fixing points and anti-snap knuckles, increasing stability and efficiency. England Feeder Team Manager Tommy Pickering had a big input into the design and personally rates it as the 'best feeder arm he's ever used', high praise indeed! The Pro Feeder Arm is incredibly easy to adjust and position to provide you with the perfect position, increasing bite indication and striking efficiency.

- Snap Lok Dutch Master Feeder Rest
- Dual Fixing points
- Anti-Snap hand wheels

INSERTS SUPPLIED: 25MM ROUND, 23MM ONBOX, 19MM SQUARE  
DIMENSIONS: L: 820MM W: 575MM

**TRADE QUANTITY: 2**

CODE	DESCRIPTION
OBP/56	Pro Feeder Arm

#### XS FEEDER ARM

With dual fixing points for maximum stability one or both of the XS Feeder Arm fittings can be positioned underneath the seatbox leg adjusting block offering ultimate versatility and can be quickly adjusted to any position.

INSERTS SUPPLIED:  
25MM ROUND, 23MM ONBOX, 19MM SQUARE

**TRADE QUANTITY: 2**

CODE	DESCRIPTION
OBP/22	XS Feeder Arm

#### DUTCH MASTER FEEDER ARM

Designed with dual fixing points which enables this feeder arm to be fitted below the frame of your seatbox. Featuring an extended supporting arm, this is the most stable feeder arm we have produced, even at its 2.1m fully extended length. Ideal for using with long feeder rods and in situations where you need to keep as much line out of the flow as possible.

INSERTS SUPPLIED: 25MM ROUND, 23MM ONBOX, 19MM SQUARE

**TRADE QUANTITY: 2**

CODE	DESCRIPTION
OBP/23	Dutch Master Feeder Arm

#### TELESCOPIC FEEDER ARM

New design offers greater stability and additional strength. The 360° infinite angle lock enables you to place your rod exactly where you want it, making the feeder arm ideal for venues where a conventional bankstick can't be used.

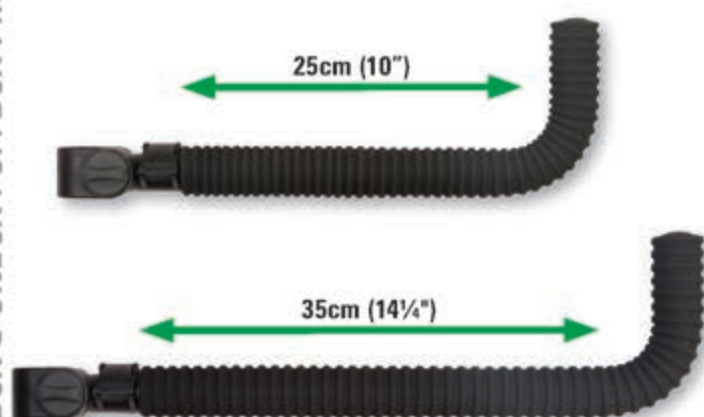

Complete horizontal and vertical adjustment.

INSERTS SUPPLIED:  
25MM ROUND, 23MM ONBOX, 19MM SQUARE

**TRADE QUANTITY: 2**

CODE	DESCRIPTION
OBP/21	Tello Feeder Arm

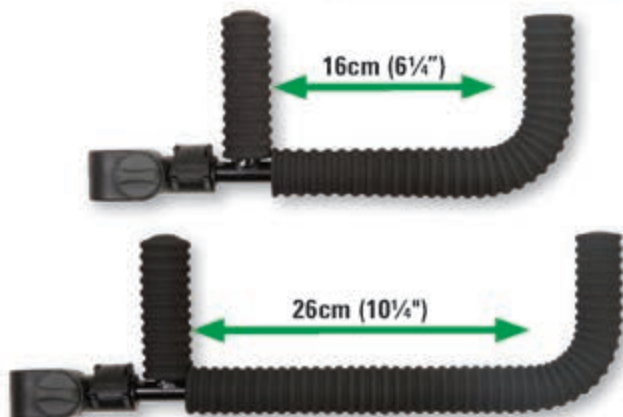

**SNAPLOK**  
**RIPPLE BARS - SINGLE**

**SNAPLOK**

**UNIVERSAL ARM**

Can be fixed horizontally or vertically for ultimate versatility. Complete with 125mm XL Bankstick the Universal Arm has a multitude of uses.  
INSERTS SUPPLIED: 25MM ROUND, 23MM ONBOX, 19MM SQUARE

**TRADE QUANTITY: 3**

CODE	DESCRIPTION
OBP/10	Universal Arm

**SNAPLOK****MULTI POLE SUPPORT**

Designed to fit all popular leg and seatbox systems, the Multi Pole Support is totally height adjustable making it ideal for all pole fishing applications. The support roller is ultra-rigid when in use and has a profiled head which rolls – making pole positioning absolutely perfect. Alternatively, thanks to the ingenious Snap-Lok cam system you can substitute it for the single 'diabolo' style head which can be used fixed or free running which is ideal when pole fishing on rivers and moving water.

Makes fishing at longer lengths, for long periods, much easier and leaves your hands free for feeding. Great for positioning the pole tip just above the surface when fishing shallow and constantly feeding.  
**INSERTS SUPPLIED: 25MM ROUND, 23MM ONBOX, 19MM SQUARE**

**TRADE QUANTITY: 2**

CODE	DESCRIPTION
OBP/45	Multi Pole Support

**PRO POLE SUPPORT**

The ultra-stable Pro Pole Support works on the same principle as the original version and is perfect for fishing at very long range giving hands free support. This version has a clever bent configuration and longer front arms which give more clearance at the front of the foot platform, which allows easy access to keepnets and the high sides prevent the pole from being blown from the rest in windy conditions.  
**INSERTS SUPPLIED: 25MM ROUND, 23MM ONBOX, 19MM SQUARE**

**TRADE QUANTITY: 2**

CODE	DESCRIPTION
OBP/46	Pro Pole Support

SUPPLIED WITH  
 PADDED  
 STORAGE BAG

### MEGA BROLLY ARMS

With twin knuckles for ultimate stability, they secure the umbrella to the seatbox and can be rotated to the desired position for optimum coverage.  
 INSERTS SUPPLIED: 25MM ROUND, 23MM ONBOX, 19MM SQUARE

**TRADE QUANTITY: 3**

CODE	DESCRIPTION
OBP/07	Short
OBP/08	Long

### BAIT BROLLY

Height adjustable and with an additional tilt facility, it keeps bait dry and out of sunlight. Supplied with an extra-long Brolly Arm for locating over side trays for maximum protection.  
 DIMENSIONS: 74CM X 74CM

INSERTS SUPPLIED: 25MM ROUND, 23MM ONBOX, 19MM SQUARE

**TRADE QUANTITY: 2**

CODE	DESCRIPTION

ONBOX/43	Locking Peg Set

**BUTT REST**

Designed to hold the rod butt securely whether fishing in either a horizontal or vertical position (due to the moulded 'lip' at the rear of the rest).

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
OFFBOX/43	Butt Rest

**TUBE ROD REST**

The soft rubber tube insert and high sides hold your rod securely in place - even in the windiest conditions. The Tube Rest also incorporates Fixangle ensuring that the rest remains at exactly the right angle.

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
OFFBOX/42	Tube Rod Rest

**FREE FLOW ROD REST**

High-sided rod rest on a Fixangle mechanism featuring a deep line groove allowing direct contact with your bait.

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
OFFBOX/69	Free Flow Rod Rest

**BLOODWORM BAIT TUB**

The white tub helps selecting an individual bait easier, whilst the riddle, which fits into the tub, is ideal for removing dead bait, making cleaning your bait easier.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
PBT/2R	Bloodworm Bait Tub

**QUIVER ROD REST**

Special 'angle' design head enabling secure rod positioning when fishing the tip. This rod rest head comes with the Fixangle mechanism which locks the rest into the exact angle required.

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
OFFBOX/41	Quiver Rod Rest

**FLAT FEEDER REST**

Combining the benefits of a fixed position head with the rod adjustment of a conventional Dutch style rest. The soft rubber cover 'grips' the rod when placed stationary on the rest but still allows adjustments to be made to the rod position without removing it from the rest. Complete with Fixangle adjustment.

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
OFFBOX/108	Flat Feeder Rest

**BAIT TUBS**

These excellent bait tubs have internal measuring marks for bait measurement. They work well individually or as a modular unit with bait waiters.

**TRADE QUANTITY: 25**

CODE	DESCRIPTION
PBT/0.5	0.5pt / 0.3lt
PBT/1	1pt / 0.6lt
PBT/2	2pt / 1.2lt
PBT/3	3pt / 1.8lt

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
PBT/3MR	3pt / 1.8lt with riddle
OFFBOX/17	5+ pints

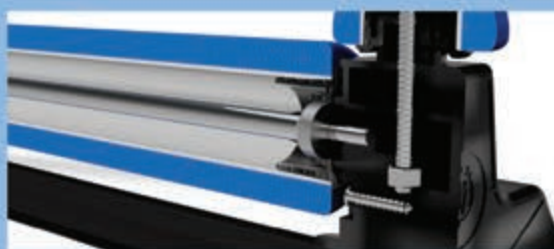

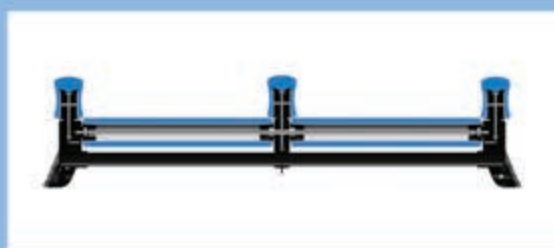

# COMPETITION PRO

A RANGE OF THREE RADICALLY RE-DESIGNED ROLLERS FEATURING A HOST OF FORWARD THINKING TECHNOLOGIES

This new range will cover all pole fishing requirements and provides the angler with stability and reliability; even when shipping at extreme lengths; ensuring that even the most prized carbon pole remains safe every time it's on the bank. The inclusion of Roller Bearings and hard wall inner tubes in all of the individual horizontal rollers ensures the smoothest performance possible, the self-locking leg design makes the assembly of the roller quicker and more efficient and the new lay flat design is extremely stable when flat on the bank providing the ultimate low-level roller.

All rollers feature a spirit level for optimum positioning which will prevent pole sections from sliding on uneven banks and the extending legs give the roller increased height to clear any bank side obstruction whilst retaining stability due to the solid structural design. The shorter upright rollers are vertically fixed which eliminates the risk of damage associated with folding versions and makes it effortless to set up. All rollers in the range come with a compact padded bag.

## COMPETITION PRO FLAT ROLLER

### WITH 2 ROLLER BEARINGS

With a single large flat roller this simple and compact design is ideal for all round use either fully extended, at standard height or laid flat.

HEIGHT - 470MM  
WIDTH - 585MM  
FULL EXTENDED HEIGHT - 730MM

**TRADE QUANTITY: 2**

CODE	DESCRIPTION
PFR01	Competition Pro Flat Roller

new

new

### KEY FEATURES:

- Roller Bearings
- Spirit Level
- Self-Locking Telescopic Legs
- Fixed Upright Rollers
- Lay Flat Design

STORAGE BAG  
INCLUDED WITH  
EVERY ROLLER

### COMPETITION PRO XL FLAT ROLLER

#### WITH 4 ROLLER BEARINGS

The XL roller features a centre post which makes it easier for double shipping or housing spare butt sections.

HEIGHT - 570MM  
WIDTH - 710MM  
FULL EXTENDED HEIGHT - 930MM

**TRADE QUANTITY: 2**

CODE	DESCRIPTION
PFROL02	Competition Pro XL

### COMPETITION PRO SUPER XL FLAT ROLLER

#### WITH 4 ROLLER BEARINGS

The Super XL roller also features a centre post and is our largest ever flat roller which meets the needs of the angler that requires the tallest and most stable flat roller.

HEIGHT - 670MM  
WIDTH - 885MM  
FULL EXTENDED HEIGHT - 1145MM

**TRADE QUANTITY: 2**

CODE	DESCRIPTION
PFROL03	Competition Pro Super XL

### PRO TRIPOD

Lightweight and very stable, the Pro Tripod can take all screw fitting attachments like rod rest heads, pole rollers and pole roosts. Perfect for hard canal and man-made fishery banks. Comes supplied in a carrycase.

#### TRADE QUANTITY: 2

CODE	DESCRIPTION
TP00/01	Pro Tripod
TP00/02	Pro XL Tripod

### PRO V ROLLER

The UK's best selling V pole roller! Based on an ultra lightweight tripod, this roller has been a huge success since its launch. Not only does it have height adjustable features, it also has the added advantage of being able to alter the angle at which the legs are set, making any type of bankside terrain easy to cope with.

The braced tripod assembly locks securely and has drop-down leg extensions which are locked at the required height by quick release clasps. The height adjustable centre pole also locks with its own handwheel.

#### TRADE QUANTITY: 2

CODE	DESCRIPTION
PVROL	Pro V Roller

WHETHER YOU CHOOSE A FLAT ROLLER OR A TRIPOD STYLE THE PRESTON INNOVATIONS RANGE OFFERS THE BEST OF BOTH WORLDS

QUICK LOCK MECHANISM

QUICK LOCK LEG CAM

EVA ROLLERS

HEIGHT ADJUSTMENT

### SUPER PRO V ROLLER

Based on the popular Pro V Roller, there are several key differences on the Super version. An extra set of internal legs enable the roller to be set higher than before. To prevent overbalancing the base of the centre section has a clip suitable for attaching a groundbait bucket or carryall making the roller more stable. The centre roller is now made in two parts to make unshipping and breaking down twice as easy. The Super Pro V Roller still packs away in its own compact padded carry case.

#### TRADE QUANTITY: 2

CODE	DESCRIPTION
PVSROL	Super Pro V Roller

### ROLLER STOPS

This clever attachment has been designed to end the age old problem of poles blowing up and out of V rollers, resulting in many expensive broken sections. Simply attach the Roller stops at the end of each roller, creating a padded stop to prevent the pole from ever blowing out of the roller in adverse conditions.

COMPATIBLE WITH ALL PRESTON V ROLLERS

**TRADE QUANTITY: 2**

CODE	DESCRIPTION
PVRS	Roller Stops

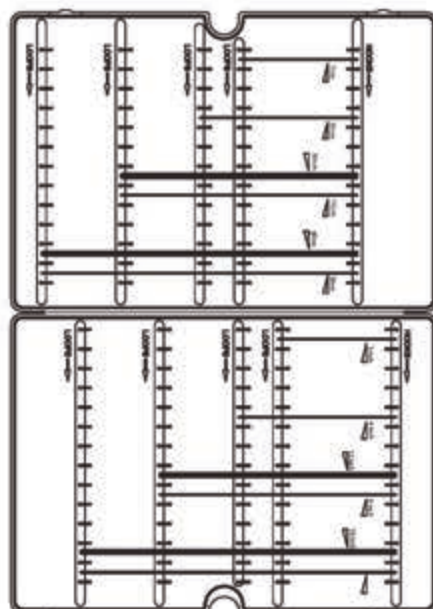

### MEGA PRO V ROLLER

The Mega Pro V Roller is the highest quality roller we have ever produced. The ultra sturdy tripod features legs that can be laid out flat, providing the most stable set up possible. With its range of height adjustments it can also be set high enough to navigate over any tall obstacles. Featuring the same rollers as used on the Super Pro V, with its centre roller made in two parts, perfect for situations where you need to break down twice. This top class roller is also supplied with the innovative new roller stops as standard. These clever little attachments are fitted to the end of each of the side rollers, stopping the pole from blowing out in windy conditions.

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
PVMROL	Mega Pro V Roller

### ALL-ROUND HOOKLENGTH RETAINING SYSTEM

With pins at 7.5cm (3"), 10cm (4"), 15cm (6") and 20cm (8") it can hold hooklengths for virtually all situations that you are ever likely to encounter. There is additional space at the 'hook end' to allow for any hair rigs, bands and Quick Stops that may be used.

Designed to specifically fit into the side drawers found on the Space Station and OnBox seatboxes, whilst also being compact enough to fit neatly into carryalls and bait bags.

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
INBOX/19	All-Round Hooklength System

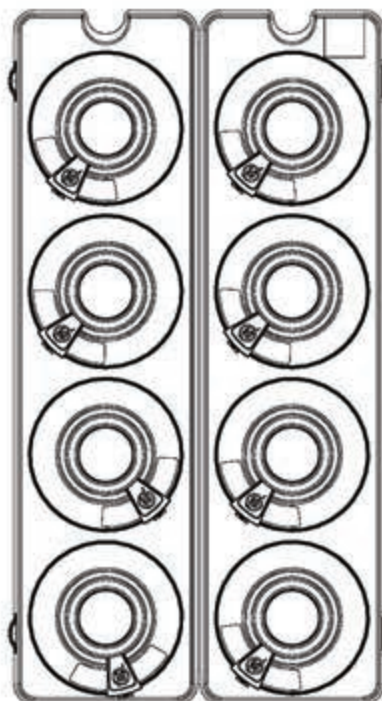

**HOOKLENGTH SPOOL SYSTEM**

Offering a compact solution to storing various trace lengths the Hooklength Spool System provides the angler with unlimited permutations. Purpose designed removable spools allow different length hooklengths to be stored with minimal fuss. Designed to fit the deep compartmented drawer of our seatbox range.

- Will accommodate any length of hooklength
- Spool labels to record rig details
- Line friendly sliding loop clip
- Protective case
- Complete with 8 spools

**TRADE QUANTITY: 4**

CODE	DESCRIPTION
INBOX/22	Hooklength Spool System

**PROTECTED INNOVATION****FEEDER HOOKLENGTH SYSTEM**

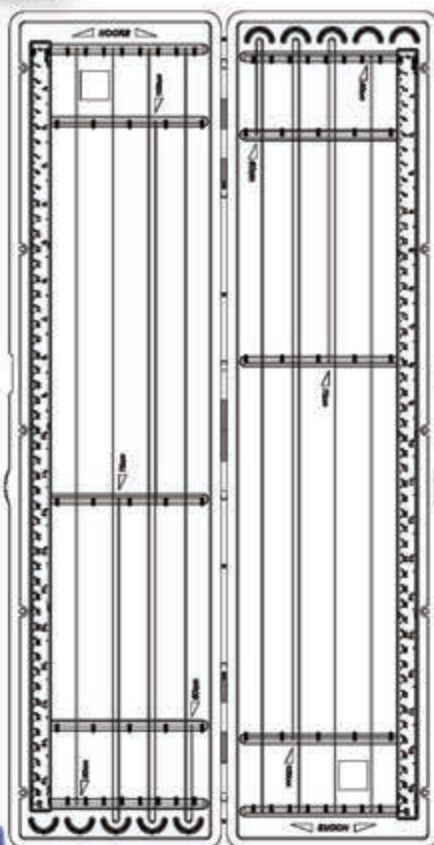

Designed in conjunction with the Preston Innovations England Feeder Team to provide the ultimate feeder fishing hooklength storage system and will accommodate all your feeder hooklengths up to 1 metre in length.

The robust hinged construction provides strength and protection for your hooks and its magnetised release system means there are no catches to rust or fail.

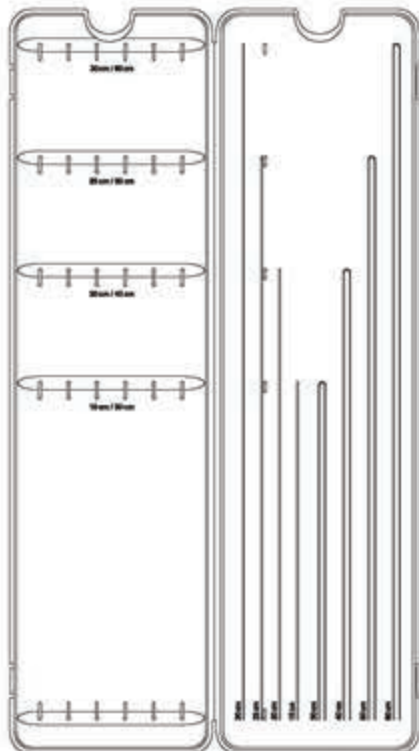

It features 20 location points which will accommodate up to 200 hooks and the unique curved pegs will minimise line kinking. The built in measure allows for accurate tying of 50cm, 60cm, 75cm and 100cm hooklengths.

**TRADE QUANTITY: 2**

CODE	DESCRIPTION
INBOX/21	Feeder Hooklength System

OFFBOX & ONBOX : HOOKLENGTH BOXES

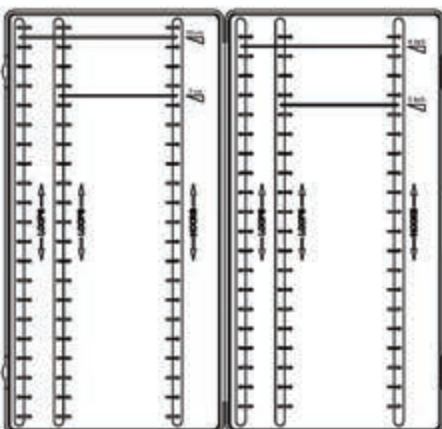

**HOOKLENGTH RETAINING SYSTEM**

Designed to store and protect pre-tied hooks and hook lengths. The ultra slim design can be stored in a drawer, under the seat or in the main compartment of a seatbox.

The Large version is designed to retain six different sizes of hooks/hooklength strengths, in lengths from 15cm (6") up to 60cm (24"). Available in Small or Large.

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
INBOX/11	Small
INBOX/12	Large

**METHOD HOOKLENGTH RETAINING SYSTEM**

The Method rig box is the ideal solution for carrying literally hundreds of short hooklengths, perfect for method feeder fishing. With pins at both 7.5cm (3") and 10cm (4"), it will hold the most popular lengths used for this style of

fishing. Once again, there is enough space at the 'hook end' to accommodate hair rigs with bands, Quick Stops or standard loops.

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
INBOX/20	Method Hooklength System

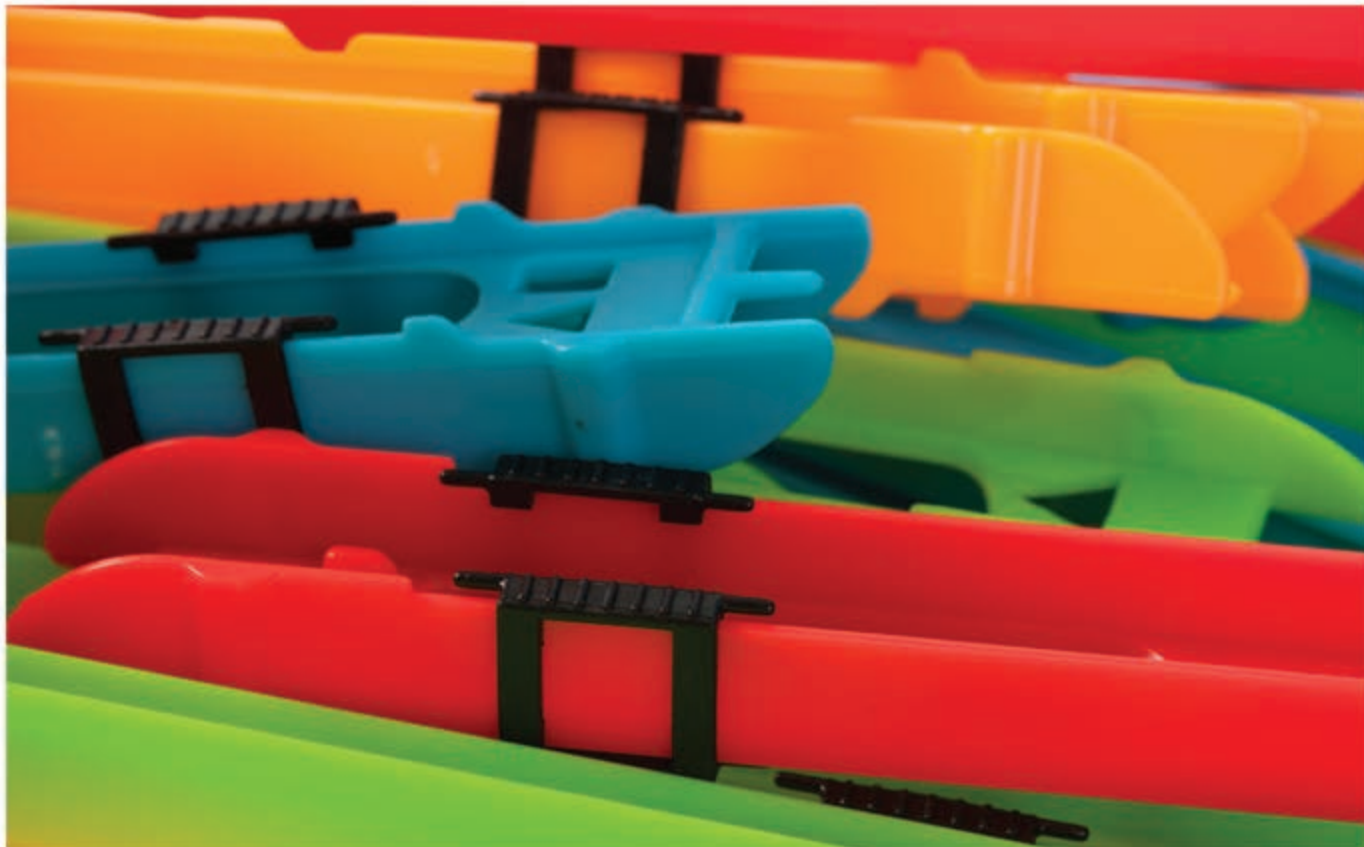

**8 COMPARTMENT MAGNETIC HOOK BOXES**

Have a strong magnet hidden in the base that holds your hooks securely and a smooth curved base to make their removal easy. Because the hooks never touch the magnet, corrosion is greatly reduced if the hooks get damp. The lids open individually and are waterproof. Each is colour-coded for easy recognition.

**TRADE QUANTITY: 9**

CODE	DESCRIPTION
PMHB	8 Compartment

## DOUBLE SLIDER WINDERS

Each Double Winder features two sliders so two rigs can be neatly stored on each winder. There is a slot for your hook and a peg which would hold a loop, meaning that rigs can be tied and hooklengths added at a later date if needed – without kinking your line. The sliding anchor can be moved along the full length of the winder. There is a small retaining spike at both ends of the slider so it doesn't matter which way you wind your rig on. The tapered 'V' hook holding slot can accommodate hooks as small as size 26 without damage.

### TRADE QUANTITY: 5

CODE	DESCRIPTION
PDSW/13	13cm Yellow 10 PER PACK
PDSW/18	18cm Red 10 PER PACK

## HOLLO ELASTIC

Using the highest quality materials and made to the strictest quality standards, results in trouble-free, consistent performance. Available in six different strengths to suit all carp fishing situations from 9 up to a very powerful 19. Thoroughly tested by our consultants, Hollo Elastic comes in 3m lengths in a sealed bag that ensures it stays in perfect condition. The ratings correspond to normal elastic ratings, so a 13 rating is between 12 and 14 normal elastic strength. Due to a special manufacturing process, injecting lubricant inside the elastic is not required.

### TRADE QUANTITY: 5

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
PROT/RP	Pro Type/Universal Kit

**GIS ROLLER PULLA KIT**

High quality power top two kit rated to 16 elastic, pre fitted with the free flowing Roller Pulla System which will fit straight on to our GIS and GXR poles as well as many other top brands as the extended reinforcement allows for cutting back to achieve a perfect fit.

**THE ADDITIONAL REINFORCED AREA CAN BE TRIMMED TO OBTAIN A**

**PERFECT FIT**  
INTERNAL DIAMETER: 18.5MM

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
GISRP	GIS Kit

**DWA ROLLER PULLA KIT**

A new addition to the already popular Roller Pulla range of top kits. Its 18mm configuration is specifically designed to fit directly on to many popular flagship poles. Rated to a size 16 elastic or hollow equivalent the blank is light enough not to affect the balance of the pole whilst boasting enough strength for the most intense bagging sessions. Reinforced and pre fitted with a Roller Pulla Bush.  
INTERNAL DIAMETER: 18MM

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
RP/DWA	DWA Kit

**RESPONSE ROLLER PULLA KIT**

Specifically designed and balanced to fit our Response range, both kits are light yet deceptively strong. Pre-cut to the optimum length of 2.4m and supplied ready to bush the Response Roller Pulla Power Kit has a 4.7mm bore and the Response Roller Pulla F1 kit has a bore of 4.1mm.

RESPONSE

### ROLLER DRILLA KIT

Contains the right size tools to allow the easy installation of the Roller Pulla Kit into any reinforced top kit. Full instructions overleaf show just how simply you can upgrade your top kits to Roller Pulla Kits.

**TRADE QUANTITY: 5**

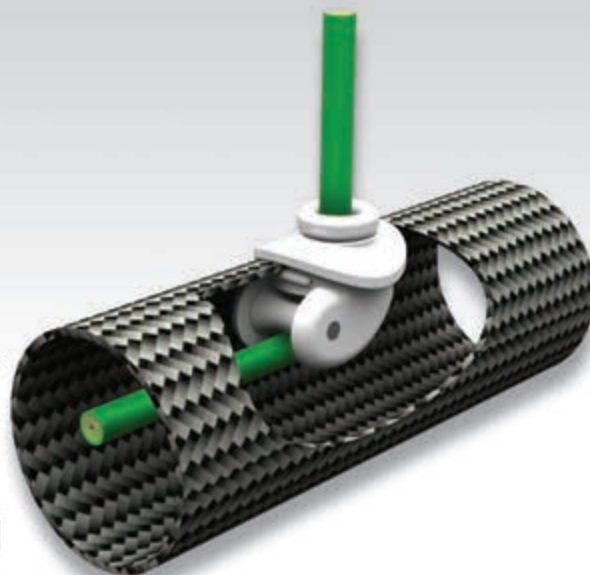

CODE	DESCRIPTION
RPOK	Roller Drilla Kit

### ROLLER PULLA BUSH

If none of the kits in the range suit your pole or you already have existing kits you would like to convert the Roller Pulla System is available separately, which when fitted to a re-enforced area of the pole allows you to place the bush accurately to suit how you fish. We recommend that you seek the professional fitting that is available from many tackle shops or pole repairers.

**TRADE QUANTITY: 6**

CODE	DESCRIPTION
RPBUSH	Roller Pulla Bush

## STORA BUNGS

Midi Stora Bungs are designed to fit most number 2 sections whilst the larger Maxi Stora Bungs fit most number 3 sections or power number 2 kits. Both can be easily cut back to suit different diameter top kit sections. Each lightweight bung features a winder that holds spare elastic making adjustment of elastic tension quick and easy. Available in twin packs or as a single bung with an extractor rod. Extractor rods are available separately.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
BUNG10	2 Bungs Maxi
BUNG11	2 Bungs Midi
BUNG12	1 Bung, 1 Extractor Maxi
BUNG13	1 Bung, 1 Extractor Midi
BUNG14	2 Extractors

## MEGA STORA BUNG

Designed to be used with Hollo elastics or heavy solid elastic, the Mega Stora Bung features a large winder which allows adjustments to be made by simply removing the bung and winding elastic on, or off, the bung winder. Manufactured from lightweight plastic, the Mega Stora Bung can be easily cut to fit most top kits by following score lines around the coned part. Available as a twin pack or as a single bung with an extractor rod.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
HBUNG01	Bung - 2 For Pack
HBUNG02	Bung & Extractor

## PULLA BUNG

Manufactured from lightweight plastic, this enables you to adjust the tension of your elastic after breaking down to the top kit. You can use lighter elastics for small carp, but tighten it for netting if you hook a bonus fish. This means you don't need to play and net big carp on top 5s or 6s, resulting in better control, faster netting and less pole breakages.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
BUNG15	Pulla Bung

## STORA PULLA BUNG SYSTEM

All the advantages of a Pulla Bung whilst still being able to adjust the tension of your elastic without having to retie. Twin pack also available.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
BUNG17	Pulla Stora Bung
BUNG18	Pulla Bung Winders (Twin pack)

## DEEP WATER PULLA BUNG KIT

PACKAGE CONSISTS OF:

- Deep Water Pulla Bung
- 4m of Power Gum
- Hollo Connector
- Rubber Bead
- Cross Lock Rod

Specifically for deeper venues where a top 4 kit or more is required. It has been sized to fit all sections from 4 to 6. To be used in conjunction with the Pulla Bung, this new version features a tapered lead in to allow for a Hollo connector to easily pass through it.

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
BUNG16	Deep Water Pulla Bung Kit

## SPARE BEADS

Replacement beads for Pulla Kits and Pulla Bungs.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
BUNG19	Pulla Bung Spare Beads

## SLIP LUBRICANT

The thin liquid adheres to the elastic to form an ultra fine film that ensures smooth elastic performance.

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
SLUB14	14ml Slip Lubricant

## DIAMOND EYE THREADER

Designed with a diamond shaped eye that grips the elastic. Available in extra long (2.1m) for long top twos.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
DEYEX	Diamond Eye Extra Long 2.1m

## HOLLO CONNECTORS

Colour coded to match Hollo Elastic and made from ultra strong moulded plastic, these large connectors are designed for all hollow and large size solid elastics. A snap fit on the sliding collar ensures security.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
HCONBS	Blue
HCONGS	Green
HCONOS	Orange
HCONYS	Yellow

## SLIP EXTREME

FOR UP TO NUMBER 6 ELASTIC

Slip Extreme Connectors are similar to Preston Slip Connectors but have an almost fluorescent colour. Available in four different colours the Micro Extreme Connector is designed for elastics up to size 6.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
MXCONGS	Green
MXCONOS	Orange
MXCONRS	Fluoro Red
MXCONYS	Yellow

## SLIP MICRO CONNECTORS

FOR UP TO NUMBER 8 ELASTIC

Manufactured to micro tolerances to ensure a perfect secure fit, the Slip Micro Connectors are suitable for elastics up to a grade 8. Supplied with two sleeves, each with a different size of hole to ensure a perfect fit no matter what grade of elastic is being used.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
MCONGS	Green
MCONOS	Orange
MCONRS	Red
MCONYS	Yellow

## SLIP EXTRA CONNECTORS

FOR ALL STRONG ELASTIC

Having an almost fluorescent colour making them highly visible when playing fish, the Carp Connector Extra are ultra strong and suitable for all strong elastics. Available in four different colours.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
CXCONGS	Green
CXCONOS	Orange
CXCONRS	Fluoro Red
CXCONYS	Yellow
CXCONBS	Blue

## SLIP CARP CONNECTORS

FOR ELASTIC SIZES 6 AND ABOVE

Slip Carp Connectors are supplied as standard with two sleeve, each with different sized holes, to ensure a perfect fit with the elastic being used. These strong connectors are available in four colour options that match Slip Elastic.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
BCONGS	Green
BCONOS	Orange
BCONRS	Red
BCONYS	Yellow

## DACRON CONNECTORS

These Dacron connectors have been specifically developed to provide a neat link between your elastic and your rig. The Dacron holds your rig away from your pole tips whilst the purpose designed bead makes sure the Dacron points forwards to keep tangles to an absolute minimum. Now available in 6 sizes to suit all popular elastics from a fine solid latex grade 3 or 4, through to a powerful Hollo 19.

**3 PER PACK**

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
DCONMCR	Micro Red
DCONSY	Small Yellow
DCONMDG	Medium Green
DCONLO	Large Orange
DCONXLB	Extra Large Blue
DCONMGP	Mega Purple

### HOLLOW PTFE BUSH

Made from PTFE, the HOLLOW Bush provides maximum performance when used with all hollow elastics. Designed to fit all power kit tops, the wide diameter ensures elastic is released smoothly. They can also be used directly on match number 2 sections. The tapered rear of the bush prevents unnecessary tangles.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
HEXT1	Hollow PTFE Bush

### STRETCH SLIP BUSH EXTERNAL

Designed for strong elastics, the Slip Stretch Bush has a thin walled construction that can be stretched to fit externally over a number 2 section.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
STS1S	Yellow
STS2S	Orange

### XLARGE INTERNAL SLIP BUSH

Designed to fit internally into the number 2 section of match kits, or wide bore power kits.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
SINX00S	Size 2.6mm White
SINX0S	Size 2.8mm White
SINX1S	Size 3.0mm Blue
SINX2S	Size 3.5mm Red
SINX3S	Size 3.8mm White

### SLIP INTERNAL PTFE BUSH

Designed to fit inside the pole tip, the Slip Internal Bush is made from PTFE for friction-free performance. The small shoulder fits neatly to the end of the pole and the internal section, whilst the strong construction makes fitting easy.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
SIN1S	Purple
SIN2S	Red
SIN3S	Green
SIN4S	Orange
SIN5S	Yellow

### SLIP EXTERNAL PTFE BUSH

Manufactured from pure PTFE, these external bushes are shaped to minimise the chance of line catching the back of the bush.

# BAZZERLA CARP

THE PRESTON BAZZERLA CARP RANGE CONTAINS FIVE MODELS THAT COVER MOST MODERN MATCH CARP FISHING. ROBUST GLASS STEMS, STRONG EYES AND THICK TIPS ARE ALL FEATURED IN THIS RANGE.

## PB CARP 1

A short robust float with a fibreglass stem. Ideal for shallow or margin fishing with big baits.

**TRADE QTY: 10**

CODE	SIZE
PBCARP1/10	4 x 10
PBCARP1/14	4 x 14

## PB CARP 2

Buoyant tipped dibber with a fibreglass stem which makes it ideal for fishing larger baits up in the water.

**TRADE QTY: 10**

CODE	SIZE
PBCARP2/10	4 x 10

## PB CARP 3

Short float with a thick nylon tip and fibreglass stem. Bulbous body for holding still in windy conditions.

**TRADE QTY: 10**

CODE	SIZE
PBCARP3/10	4 x 10
PBCARP3/16	4 x 16

## PB CARP 4

Ideal for fishing up to features on snake lakes with a fibreglass stem and thick nylon bristle.

**TRADE QTY: 10**

CODE	SIZE
PBCARP4/10	4 x 10
PBCARP4/14	4 x 14
PBCARP4/16	4 x 16

## PB CARP 5

Suitable for fishing large baits in open water, the PB Carp 5 features a thick nylon tip and fibre glass stem.

**TRADE QTY: 10**

CODE	SIZE
PBCARP5/16	4 x 16
PBCARP5/18	4 x 18
PBCARP5/1	1.0g

# PRESTON BAZZERLA

USED AND TRUSTED BY BRITAIN'S TOP MATCH ANGLERS. MADE FROM THE FINEST QUALITY MATERIALS AND INDIVIDUALLY CHECKED, PBS OFFER CONSISTENT PERFORMANCE.

## PB PASTE

A robust self-cocking paste float. With an eye at the very tip, to prevent soft paste from being pulled off the hook.

**TRADE QTY: 10**

CODE
PBPASTE/1
PBPASTE/2
PBPASTE/3

## CHIANTI

Slim bodied float with a carbon stem and cane tip.

**TRADE QTY: 10**

CODE	SIZE

CODE	DESCRIPTION
PJK/01	4-6mm Pellets
PJK/02	8-10mm Pellets

## FLOATS : PB

## PB INTER SERIES

## PB INTER 1

Slim design with painted nylon tips, ideal for small baits particularly pellet and corn. Good on the drop float when fishing through the water.

TRADE QTY: 10

CODE	SIZE
PBINT1/0.2	0.2g
PBINT1/0.3	0.3g
PBINT1/0.4	0.4g

## PB INTER 2

Slim round bodied design featuring a carbon stem and painted nylon bristle. Ideal for deeper water in calm conditions and slow moving rivers.

TRADE QTY: 10

CODE	SIZE
PBINT2/0.8	0.8g

## PB INTER 3

Slim round bodied design featuring a stable wire stem and painted nylon bristle. Ideal for deeper water in windy conditions and slow moving rivers.

TRADE QTY: 10

CODE	SIZE
PBINT3/0.3	0.3g
PBINT3/0.6	0.6g

## PB INTER 5

Wire stemmed dibber for fishing shallow or in shallow water. The wire stem gives good stability in rough conditions and cocks the float quickly.

TRADE QTY: 10

CODE	SIZE
PBINT5/12	4 x 12

## PB INTER 9

Ultra slim long bodied float with wire stem and a plastic bristle, ideal for dotting down with pellets and other small baits.

TRADE QTY: 10

CODE	SIZE
PBINT9/0.1	0.1g
PBINT9/0.2	0.2g
PBINT9/0.5	0.5g
PBINT9/0.8	0.8g
PBINT9/1.25	1.25g
PBINT9/1.5	1.5g

## PB INTER 10

Same shape as the Inter 9 but with a thicker plastic bristle, and a wire stem for stability.

TRADE QTY: 10

CODE	SIZE
PBINT10/0.1	0.1g
PBINT10/0.2	0.2g
PBINT10/0.3	0.3g
PBINT10/0.7	0.7g
PBINT10/0.8	0.8g

## PB INTER 11

Same slim body shape as the Inter 10, with a plastic bristle and 0.8mm fibre stem.

TRADE QTY: 10

CODE	SIZE
PBINT11/0.1	0.1g
PBINT11/0.2	0.2g
PBINT11/0.5	0.5g
PBINT11/0.6	0.6g
PBINT11/0.7	0.7g
PBINT11/0.8	0.8g
PBINT11/1.0	1.0g
PBINT11/1.25	1.25g
PBINT11/1.5	1.5g

DESIGNED IN CONJUNCTION WITH ENGLAND INTERNATIONAL DES SHIPP, THE PB INTER SERIES IS A COLLECTION OF SOME OF HIS FAVOURITE PATTERNS. WITH A DISTINCTIVE PAINT FINISH AND HIGH QUALITY CARBON AND STEEL STEMS, ALL NYLON TIPS ARE PAINTED TO MAKE THEM GLOW BRIGHTLY WHEN LIGHT SHINES THROUGH THEM.

# PB SILVERS

## PB SILVER 1

The slim body down shape of this float combined with its carbon stem make it suitable for fishing with small baits on the drop in good conditions. Finished with a high quality carbon stem and a painted plastic tip which shows up better in bright light conditions.

### TRADE QTY: 10

CODE	SIZE
PBSIL1/0.3	0.3g
PBSIL1/0.4	0.4g
PBSIL1/0.8	0.8g
PBSIL1/1	1g
PBSIL1/1.5	1.5g

## PB SILVER 2

This float features a slim body down shape and a wire stem, making it suitable for fishing small baits in the bottom quarter or when conditions are less favourable. Finished with a high quality wire stem and a painted plastic tip which shows up better in bright light conditions.

### TRADE QTY: 10

CODE	SIZE
PBSIL2/1	1g
PBSIL2/1.5	1.5g

## PB SILVER 3

The round body of this float and its wire stem make it suitable for deeper water and fishing on the bottom. Finished with a high quality wire stem and a painted plastic tip which shows up better in bright light conditions.

### TRADE QTY: 10

CODE	SIZE

PBINTB/18	18g

## ALLOY STEM AVON

The classic Avon float design is ideal when used in conjunction with a bulk shooting pattern or olivette for fishing on the bottom with conventional baits such as maggots and casters as well as big baits such as bread flake. Can be fished running at the pace of the river or held back hard thanks to the pronounced shoulder.

AVAILABLE IN 5 SIZES.

### TRADE QUANTITY: 10

PF6/4G	4G
PF6/5G	5G
PF6/6G	6G
PF6/8G	8G

## LIGNUM STEM DOME TOP STICK

This specialist float range has been purpose designed for big river fishing. The heavy lignum stem aids casting and the bright domed tip is not only highly visible at distance but also allows line to be dragged along the bottom to slow the bait down for perfect presentation every time.

AVAILABLE IN 5 SIZES.

### TRADE QUANTITY: 10

PF5/10X4	10x4
PF5/12X4	12x4
PF5/14X4	4x4
PF5/6X4	6x4
PF5/8X4	8x4

## ALLOY STEM SHOULDERED STICK

Alloy stemmed shouldered stick floats are the most versatile 'top and bottom' floats in the range and ideal for most running water situations. The stem provides stability in turbulent water and the shoulder allows the float to be held back hard in strong flows whilst the fine tip will register the tiniest indication.

AVAILABLE IN 5 POPULAR SIZES.

PF4/8X4	8x4

### INSERT PEACOCK WAGGLER

A classic insert peacock waggler with a high visibility hollow tip that allows natural light to penetrate, making it visible in even the worst light conditions. Equally at home on stillwaters and slow to medium paced rivers and ideal for catching shy biting species such as roach 'on the drop'.

AVAILABLE IN 5 SIZES TO COVER ALL EVENTUALITIES

PF1/3AAA	3AAA
PF1/4AAA	4AAA
PF1/5AAA	5AAA
PF1/5BB	5BB

### STRAIGHT PEACOCK WAGGLER

The straight peacock is the 'go to' float for general waggler fishing on stillwaters and slow to medium paced rivers but can also be used for running at pace on fast flowing water. Additional buoyancy in the tip allows a variety of baits to be suspended improving presentation and allowing every bite to be detected.

AVAILABLE IN 5 SIZES

PF2/3AAA	3AAA
PF2/4AAA	4AAA
PF2/5AAA	5AAA
PF2/5BB	5BB

### SPECI WAGGLER

The all balsa speci waggler is really versatile and can be used in fast flowing water to slow the bait down by dragging line and shot on the bottom. The ultra-buoyant tip prevents the float being dragged under until you get a bite. Also very effective on still waters when used as a conventional pellet waggler.

AVAILABLE IN 5 SIZES

## FLOATS : WAGGLERS

### DURA PELLET WAGGLERS (13MM)

The thickest of our straight Dura Pellet Wagglers comes supplied with 3 interchangeable tips to combat changing light conditions and two interchangeable splash disks which help to stop the floats diving, these can be removed if required.

#### TRADE QUANTITY: 5

CODE	DESCRIPTION
DPW13ST/4	4g
DPW13ST/6	6g
DPW13ST/8	8g
DPW13ST/10	10g

### DURA PELLET WAGGLERS 10MM SLIM

More sensitive and suitable for days when the buoyancy of a thicker float will result in missed bites. Supplied with 3 interchangeable tips to combat changing light conditions and two interchangeable splash disks which help to stop the floats diving, can be removed completely if required.

#### TRADE QUANTITY: 5

CODE	DESCRIPTION
DPW10SL/4	4g
DPW10SL/6	6g
DPW10SL/8	8g

### INSERT DURA PELLET WAGGLERS (10MM)

Fitted with a thin plastic insert these Pellet Wagglers are ideal for those situations where you need to strike at bites. The removable plastic disk helps to stop the float diving on the cast, meaning you are fishing as soon as the float hits rather than waiting for it to come back up.

#### TRADE QUANTITY: 5

CODE	DESCRIPTION
DPW10SLI/4	4g
DPW10SLI/6	6g
DPW10SLI/8	8g

### LOADED INSERT PELLET WAGGLER

Incorporating an insert, these wagglers combine the attractive splash with increased sensitivity, ideal for shy fish. Suitable for use with Preston Wagglers Adapters as no additional loading is required.

#### TRADE QUANTITY: 5

CODE	DESCRIPTION
DPTWAGI/4	4g
DPTWAGI/6	6g
DPTWAGI/8	8g

### LOADED DUMPY PELLET WAGGLERS

Made with a dumpy body to create a splash and to help stop the float diving. The thick tip is easy to see and prevents the float diving under from false bites and line bites.

#### TRADE QUANTITY: 5

CODE	DESCRIPTION
DPTWAGL/4	4g
DPTWAGL/6	6g
DPTWAGL/8	8g

### SPLASHER WAGGLERS

Have a double body design that prevents the float diving too deep on the cast and increases the splash when it lands. A polycarbonate stem provides the strength required when casting continually.

#### TRADE QUANTITY: 5

### HAIR RIGS WITH BAIT BANDS

Hair Rigs with Bait Bands are constructed using our famous PR 36 barbless hook and ultra strong clear mono. The latex bait bands will stretch to accommodate most pellet sizes and can also be pulled into pre-drilled pellets. Available in two length options, 4" (10cm) for the Method feeder and 15" (38cm) for normal feeders and pole rigs.

8 PER PACK

### PR 36 WITH OUT-TURNED EYE

### CARP HOOK WITH STRAIGHT EYE

# HAIR RIGGING

BARBLESS HAIR RIGS ARE PERFECT FOR PRESENTING A WIDE VARIETY OF BAITS. HERE'S HOW TO MOUNT A SOFT PELLETT.

EXPERTLY TIED STRAIGHT FROM THE PACKET, THE HAIR IS THE CORRECT LENGTH FOR A WIDE VARIETY OF BAITS

PUSH A BAITING NEEDLE THROUGH THE PELLETT READY TO MOUNT ON THE HAIR. YOU CAN USE THE SAME METHOD FOR BOILIES AND SWEETCORN

HOOK THE BAITING NEEDLE ONTO THE LOOP OF THE HAIR AND PULL THROUGH MOVING THE BAIT ONTO THE HAIR

REMOVE THE BAITING NEEDLE AND INSERT A BAIT STOP INTO HAIR LOOP. USE A BAIT STOP THAT'S EITHER CLEAR OR THE SAME COLOUR AS THE BAIT

GENTLY EASE THE PELLETT DOWN THE HAIR UNTIL IT SITS ON THE BAIT STOP. THIS WILL PREVENT THE STOP FALLING OUT ON THE CAST

**PROTECTED INNOVATION**

### IN-LINE FLAT METHOD FEEDER

The flat-bottomed design makes them ideal for all situations, including casting tight to the sloping banks of an island. The recess in the front of the feeder accepts a size ten swivel or a Preston Ring Swivel, which will provide just enough tension to make a semi-fixed rig. Alternatively they can be used with Korum Quickchange Beads to make a completely free-running rig.

**TRADE QUANTITY: 10**

**PROTECTED INNOVATION**

### ELASTICATED FLAT METHOD FEEDER

Very similar to the In-Line Flat Method Feeder in both size and construction but elasticated for shock absorbing fish-playing. The flat-bottomed design ensures they always land the correct way up with the bait at the top of the groundbait or moulded pellet ball. The light brown/translucent colour blends in with both groundbait and the bottom.

### QUICK RELEASE METHOD MOULDS

The new quick release method mould is the perfect mould for pellets and groundbait. The new design reduces bait sticking in the mould and the new wings make it easier to compress your feeder into the bait and the large release button makes it's so much easier to eject your feeder. These method moulds quickly form a perfect feeder full of ground bait or pellets every time and ensures a consistent amount of bait is on the feeder every cast.

AVAILABLE IN THREE SIZES; SMALL 'BLUE', LARGE 'RED' AND XL 'YELLOW'

QRMM/L2	Large
QRMM/XL2	XL

### INLINE PELLET FEEDERS

Preston Inline Pellet Feeders have been developed to be used with damp pellets. Using a short hooklink you can present your hookbait right amongst your feed.

Our pellet feeders feature a flat design which makes them ideal for fishing tight to islands where the dimpled lead will help them grip on the sloping margins. Their line through nature means they can be fished running or semi fixed for safety.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION

PFI/L40	Large - 40g
PFI/XL40	XL - 40g
PFI/XL50	XL - 50g

### ELASTICATED PELLET FEEDERS

Designed for use with dampened pellets, the elasticated version allows you to use a short hooklength to present your hook bait right amongst your feed. The short elasticated section absorbs the shock of sudden takes and can easily be removed to be re-elasticated.

The flat bottomed design makes them unobtrusive when cast tight to island margins, whilst the dimpled lead means they are better equipped to hold on slopes.

**TRADE QUANTITY: 10**

## THREE WAYS TO: LOAD A BANJO FEEDER

A TINY AMOUNT OF BAIT IS PERFECT IN THE COOLER MONTHS. PRESSED IN BY YOUR THUMB.

THE RIGHT AMOUNT FOR ALL BUT THE MOST DIFFICULT DAYS. USE YOUR PALM TO ACHIEVE THIS.

WHEN THE FISH REALLY WANT SOME BAIT, USE THE MOULD TO FEED PLENTY.

**WIRE CAGE FEEDERS**

Features a wide lead, this offers increased stability when cast tight to islands. The ultra strong, non-glare cage construction resists damage when cast into shallow water. The special anti-tangle feeder link helps with casting by absorbing shock.

### METHOD FEEDER QUICK CHANGE BEADS

Designed to provide a safe semi-fixed bolt rig, with the added benefit of being able to quick change your hooklength. Specifically designed to fit all in-line styles of feeders, it provides the perfect neat set up.

6 PER PACK

TRADE QUANTITY: 10

CODE	DESCRIPTION
FMFCB	Quick Change Beads

**STOTZ®**

A hybrid shot designed for use on larger diameter lines (they also work perfectly on fine diameters). The wide groove makes placing them on the line quick and easy. Another advantage is the increased surface area that grips the line. This prevents damage and also stops the Stotz® 'pinging' off under stress. The flat ends of Stotz® produce a neat bulk when they are grouped together.

ANTI-TWIST TECHNOLOGY

## MATCHPULT

After the success of the Pelletpult we are pleased to announce the introduction of the Matchpult. This catapult has been purposely designed for natural baits like maggots, casters as well as meat or corn. It's the perfect tool for the angler who wants reliability, durability and accuracy from their catapult.

The Matchpult groups bait in a much tighter area due to the Semi Rigid Mesh pouch, which gives you pin-point accuracy for all baits and tactics.

We've taken the PTFE Anti-Twist technology from the Pelletpult and adapted this to the Matchpult

making it virtually impossible for the elastic to tangle. Increasing your efficiency and performance during a match or pleasure session.

Available in two sizes, small and large which covers all feeding requirements and tactics that you're likely to use and features long-lasting amber-core durable hollow elastic.

## PELLETPULT

Pelletpults have been designed with commercial fisheries in mind, specifically for feeding pellets. The flat bottomed pouch ensures the pellets are tightly grouped when feeding and the dual PTFE bushes built into the frame maintain twist free performance. Two different sizes cover all feeding requirements from 4mm to 10mm pellets. Can also be used for conventional baits such as maggots and casters.

CODE	DESCRIPTION
KUPG	GS Kup Kit 18mm
KUPPT	ProType Kup Kit 24mm

### PRESTON KUP SET

Supplied in packs of two different cup sizes with brass threads. They come with two adaptors, each with a different internal diameter, 4mm and 5mm, for different diameter pole sections.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
KUP3	Preston Kup Set

### DOUBLE KUP

For anglers that want to feed a lot of bait or a combination of baits without shipping out multiple times. Fill it up for margin fishing and targeting big fish when a lot of bait is required. Double up for the continental style approach of feeding two different groundbaits or learn mixes in one go. Mix it up for feeding a combination of baits, such as pellets and groundbait.

350ML CAPACITY

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
KUP13	Double Kup

### TOP TUBES

For safely storing elasticated top two sections. Convenient and make best use of space. The specially designed elastic protector and end cap ensure that elastics aren't damaged.

**TRADE QUANTITY: 15**

CODE	DESCRIPTION
TUBE7	Top Tubes

### POLE END PROTECTORS

Designed to protect pole end sections during transit. Available in a range of sizes to fit all larger pole sections, can be left in place during fishing.

**TRADE QUANTITY: 9**

CODE	DESCRIPTION
PEP38	38mm
PEP40	40mm
PEP42.5	42.5mm
PEP45	45mm
PEP48	48mm

### JOINT SAVE

Simply paint onto joints to prevent excessive wear.

### JOINT RESTORER

A great way to build-up worn pole joints. This liquid carbon hardens with a top coat of Joint Save.

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
JREST	Joint Restorer
JSAVEB	Joint Save

### UNI CAD POTS

A top quality range of pots that will securely fit onto any tip from a fine 2.5mm up to an ultra thick 8.0mm thanks to the clever elastic attachment and soft over-moulded rubber base. Available in four sizes, each supplied in a twin pack complete with four different lids, enabling the angler to match the lid to the conditions and baits being used.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
POT14	Micro
POT15	Small
POT16	Medium
POT17	Large

### PASTE POTS

Developed with Andy Findlay, these are large enough to deliver loose feed pellets and soft paste hookbait in the required area. There are three size fittings to cope with the range of depths you are likely to encounter.

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
POT12	12mm
POT13	Mixed - 7mm, 10mm, 12mm

### DROP 'N' DRIP UNI CAD POTS

Drop 'N' Drip pots are ideal for feeding twice. The domed lid will take a ball of dampened pellets or groundbait whilst the space underneath will accommodate loose pellets which can be shaken out after your initial feed has been deposited.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
POT18	Micro/Small
POT19	Medium/Large

**PROTECTED INNOVATION**

### SOFT CAD POTS

Made from soft rubberised material to grip most popular sized top kits (5mm-7mm) without causing damage. The perforated design serves several purposes, the main advantage is to counteract the vacuum effect which can prevent bait from releasing in a conventional pot, it also reduces the weight on the end of your pole and reduces wind resistance.

Supplied with four lids in two different colours, the orange version is easily visible to make sure the pot is fully turned before you empty it.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
POT20	Small
POT21	Medium
POT22	Large

## ACCESSORIES : GENERAL

prestoninnovations.com

**DISPLAY BOARD**

INOL2/1.5	1.5g
INOL2/2.0	2.0g
INOL2/2.5	2.5g
INOL2/3.0	3.0g
INOL2/4.0	4.0g
INOL2/5.0	5.0g

### PLUMMET

Large diameter top hole and grooved body for line location. Non-toxic alloy with flat base for accurate plumbing.

**2 PER PACK**

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
PLUM/S	Small 14g
PLUM/L	Large 18g

### WINDER ANCHORS

Produced from high quality rubber that not only stretches well but also lasts a long time.

**TRADE QUANTITY: 20**

CODE	DESCRIPTION
PWA	Winder Anchors

### QUICK CONE & BAIT MOULD

Can be used in various ways, making it a must have for any match angler. The simple plunger mechanism works perfectly with either pellets or groundbait. Available in three sizes, the smallest is suitable when only a small amount of bait is required, where as the larger sizes are ideal for a more positive approach and are also perfect for creating balls of groundbait.

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
QCM/S	Small
QCM/M	Medium
QCM/L	Large

## LOOP TYER

Loop tyer and disgorger comes in packs of two, supplied with full instructions.

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
PLT/S	Small
PLT/L	Large

## DISGORGER

Plastic disgorger with two different ends. One end has traditional slot and the other a loop end for larger hooks.

**TRADE QUANTITY: 100**

CODE	DESCRIPTION
DIS/SM	Small
DIS/L	Large

## PELLET WAGGLER FLOAT STOP KIT

Perfect for securely locking pellet wagglers to your mainline without the need for shot, which can often damage the line resulting in lost fish.

**5 PER PACK**

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
PWFSK	Pellet Waggler Float Stop Kit

## FLOAT STOPS

Can be used for stopping sliding floats and also for creating semi-fixed feeder and bomb rigs.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
PFS/STD	Standard
PFS/MINI	Mini
PFS/MIC	Micro

## BIG FLOAT WAGGLER ADAPTORS

Designed for use with loaded splasher wagglers where locking shot aren't required, this version has a metal stem and copes well with repeated casting.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
BWAGAD	Big Float Waggler Adaptors

## WAGGLER ADAPTORS

The soft plastic Waggler Adaptor is designed for attaching loaded floats without the need for shot.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
WAGAD	Waggler Adaptors

## BRISTLE GREASE

Fluorescent coloured pole tip grease that can be applied to fine pole tips to help them sit correctly. Very useful for wire tips. 1 orange and 1 yellow per pack.

**TRADE QUANTITY: 10**

CODE	DESCRIPTION
BGRS	Bristle Grease

## MICRO SILICONE

Ultra fine, high performance silicone tube. Will fit the finest wire and carbon pole stems.

**TRADE QUANTITY: 20**

CODE	DESCRIPTION
SILM	Mixed
SILIC/GREY	0.25mm
SILIC/RED	0.40mm
SILIC/GREEN	0.50mm

## POLE FLOAT SILICONE

High performance fine diameter silicone tube for thicker bristles and stems. Available in thick and stick float.

**TRADE QUANTITY: 20**

CODE	DESCRIPTION
SILT	Thicker Bristle Silicone
SILB	Stick float Silicone

NETS & BROLLIES : ABSOLUTE CARP & MATCH HANDLES TRADE CATALOGUE 2016

### ABSOLUTE CARP HANDLES

Super strong, power handles purpose designed for bagging on commercials, featuring rubberised grip for easy handling and pinned thread for maximum strength. The 4m version also doubles as great big fish river handle.

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
ABCH/2.7M	2.7m
ABCH/4M	4m

### ABSOLUTE MATCH HANDLES

Strong, slim and lightweight dedicated match handles with rubberised grip. Each handle can be used in 1m increments making them ultra-versatile and the pinned threads offer increased strength. The 5m version is the ultimate competition handle.

**TRADE QUANTITY: 1**

CPH/3.0	3.0m handle
CPH/4.0	4.0m handle

**HAIR NET II**

Manufactured with a strong square profile frame with the mesh attached to the inside of the frame. The fine nylon mesh makes it suited to hair rigging because your hair or Quick Stop won't pass through the mesh. This net is also perfect for traditional silver fish fishing.

**TRADE QUANTITY: 3**

CODE	DESCRIPTION
PHNET2/18	18" Hair Net II
PHNET2/20	20" Hair Net II

**LATEX LANDING NET**

Suitable for match carp, they feature a strong 'D' profile frame and latex coated mesh which is tougher and more robust than standard mesh. The open mesh design makes them very manoeuvrable in water and their shallow depth makes unhooking fish quick and easy.

**TRADE QUANTITY: 3**

CODE	DESCRIPTION
PSLNET/18	18" Landing Net
PSLNET/20	20" Landing Net

**DEEP QUICK DRY LANDING NET**

Manufactured from a square profile for increased strength, the frame has the mesh fixed inside making this net easily manoeuvrable through the water. Features a deeper mesh making it suitable for larger carp.

**TRADE QUANTITY: 3**

CODE	DESCRIPTION
PQDNET2/18	18" / 45cm Quick Dry Landing Net
PQDNET2/20	20" / 50cm Quick Dry Landing Net

**QUICK DRY LANDING NET**

Manufactured from a strong square profile frame, the Quick Dry Landing net is attached on the inside of the frame making it neater and easier to pass through the water. The large mesh aids manoeuvrability and the depth of the net is ideal for match sized carp.

**TRADE QUANTITY: 3**

CODE	DESCRIPTION
PQDNET/18	18" / 45cm Quick Dry Landing Net
PQDNET/20	20" / 50cm Quick Dry Landing Net

**SUPALITE NETS**

Featuring a strong, lightweight spoon shaped frame with free flowing nylon mesh. Suitable for all species and perfect when used in conjunction with long landing net handles.

**TRADE QUANTITY: 3**

CODE	DESCRIPTION
PNET1/45	45cm Supalite Landing Net
PNET1/50	50cm Supalite Landing Net

### SPACE SAVER KEEPNET

With anglers catching more and more fish on commercial fisheries these days carrying and using extra keepnets has caused various headaches. Not any more!

With its innovative reversed top ring you can now locate up to five Space Saver Keepnets in front of your seatbox when used in conjunction with an OffBox Pro Snap-Lok Pro Tool Bar and this unique orientation also facilitates the easy transfer of fish from landing net to keepnet.

The 2.5m compact design also enables the easy storage and transportation of multiple nets.

- Reinforced bottom rings
- Black carp mesh
- Length 2.5m
- Fix Angle locking system

TOP RING: 35CM X 45CM

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
FKNET11	Space Saver Keepnet

**QUICK DRY KEEPNET**

Manufactured from a mesh that holds much less water than other mesh nets which enables them to dry out much quicker after use. Very useful on flowing water as the mesh offers less resistance. All hoops have tough corner guards for protection.

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
FKNET4	3m Quick Dry Keepnet
FKNET5	3.5m Quick Dry Keepnet
FKNET6	4m Quick Dry Keepnet

**3M BLUE KEEPNET**

Manufactured from blue micro mesh, this 3m long rectangular keepnet features a positive Fixangle attachment and Preston branding around the top ring.

**TRADE QUANTITY: 3**

CODE	DESCRIPTION
FKNET8	3m Blue Keepnet

**QUICK DRY SILVER KEEPNET**

Compact 2.5m silver fish keepnet in Quick Dry Mesh with Fixangle top ring. An ideal canal net or second net for commercial fishing.

TOP RING: 45CM X 35CM

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
FKNET9	2.5m Quick Dry Silver Keepnet

**KEEPNET COMBO**

Comprising a 3m micro mesh blue keepnet and a 2.5m micro mesh silver keepnet. The perfect combination to comply with most commercial fishery rules.

TOP RING: 50CM X 40CM

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
FKNET10	Keepnet Combo

**BLUE CARP KEEPNET**

Available in 3m, the Blue Carp Keepnet is made from ultra soft material that conforms to commercial fishery requirements.

TOP RING 50CM X 40CM.

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
FKNET2	3m Blue Carp Keepnet

**50" FLAT BACK BROLLY**

Based on the legendary Flat Back Brolly. This 50" Flat Back design, for added stability, now comes with a 210D waterproof nylon cover with taped seams. Now lighter, but just as waterproof as its predecessor.

- Waterproof taped seams
- Pegging points
- Angle tilt
- Pegs supplied
- Storage sleeve

**TRADE QUANTITY: 2**

CODE	DESCRIPTION
LUG/19	50" Flat back Brolly

**50" FLAT BACK BROLLY WITH ZIPS**

A lightweight Flat Back Brolly fitted with two zips in the cover to enable convenient shipping of your pole.

- Waterproof taped seams
- Pegging points
- Angle tilt
- Pegs supplied
- Storage sleeve

**TRADE QUANTITY: 2**

CODE	DESCRIPTION
LUG/20	50" Flat Back Brolly with zips

THE 50" FLAT BACK BROLLY WITH ZIPS FEATURES A ZIP EITHER SIDE FOR CONVENIENT POLE SHIPPING

**50" FIBREGLASS FLAT BACK BROLLY**

Based on the legendary Flat Back Brolly, this new version has lighter fibreglass arms and a 210D waterproof nylon cover with taped seams.

- Lightweight fibreglass arms
- Waterproof taped seams
- Pegging points
- Angle tilt
- Pegs supplied
- Storage sleeve

**TRADE QUANTITY: 2**

CODE	DESCRIPTION
LUG/21	50" Fibreglass Flat back Brolly

### SPACE MAKER FLAT BACK BROLLY

With new short spoke configuration it gives the angler an impressive 20% more coverage ensuring that you and your tackle stay dry. When used with the positive Angle Tilt this also reduces the amount of unused space at the rear of the brolly. Sporting dynamic new graphics the Space Maker also boasts all of the features of our existing umbrella range.

- Lightweight fibreglass arms
- Waterproof taped seams
- Pegging points
- Angle tilt
- Pegs supplied
- Storage sleeve

**TRADE QUANTITY: 1**

CODE	DESCRIPTION

## HOLDALLS

**MONSTER® SMALL ROD HOLDALL**

Designed to house both rods and poles. The small holdall will comfortably hold six standard rod tubes and features internal elasticated Velcro straps to hold them safely in place. With external umbrella and internal bank stick pockets all storage eventualities are covered and the padded shoulder strap, carry handle and loading handle make transporting the holdall very easy.

**FEATURES**

- Hardcase Construction and Hardbase
- External umbrella Pocket
- Internal Bankstick Pocket
- Load Handle

 W: 20CM    H: 188CM    D: 14CM

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
PMLUG/01	Small Rod Holdall

**MONSTER® LARGE ROD HOLDALL**

For transporting poles and rods safely the large holdall will accommodate eight standard rod tubes and features internal elasticated Velcro straps to hold them safely in place. External and internal pockets will house landing net handles, bank sticks and an umbrella and transportation is made simple by utilising the padded shoulder strap, carry handle and loading handle.

**FEATURES**

- Hardcase Construction and Hardbase
- External umbrella Pocket
- Internal Bankstick Pocket
- Load Handle

 W: 26CM    H: 188CM    D: 16CM

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
PMLUG/02	Large Rod Holdall

**MONSTER® 10 TUBE POLE HOLDALL**

Fully padded holdall, designed specifically for housing a pole, complete with extensions and a large selection of top kits and spare sections. Incorporates a concealed side pocket for storing landing net handles, bank sticks and umbrellas and features a clever dual zip system for full length access or top loading only.

**FEATURES**

- Fully Padded
- Concealed Pocket
- Dual Zip
- Load Handle

 W: 26CM    H: 193CM    D: 18CM

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
PMLUG03	10 Tube Pole Holdall

**MONSTER® DOUBLE HOLDALL**

Store up to four ready-made rods and all your pole gear, ideal for festivals or the angler that wants to leave nothing to chance. Comes complete with two removable rod sleeves, which can each hold two readymade rods, and a large rear compartment which will take up to eight standard rod tubes secured with elasticated Velcro straps, ideal for storing poles and top kits. Also features a concealed side pocket and convenient loading handle which makes maneuvering in and out of your vehicle a simple task.

**FEATURES**

- Padded and Hardcase Construction
- Concealed Pocket
- Load Handle
- Complete with 2 Rod Sleeves

 W: 32CM    H: 188CM    D: 24CM

## HOLDALLS

STACK RODS SAFELY AND SECURELY WITHOUT  
DRAMATICALLY INCREASING THE OVERALL SIZE

### MONSTER® 1+1 ROD HOLDALL

A new luggage concept which effectively doubles the storage capacity of a standard single rod holdall with the inclusion of clever internal rod locators and separators.

Now you can quite literally stack two rods safely and securely without dramatically increasing the overall size of the holdall.

- Hardcase Construction with a Hardbase
- Internal Rod Locators
- Padded Reel Separator

160CM W: 15CM H: 163CM D: 12CM

180CM W: 15CM H: 190CM D: 12CM

### MONSTER® 3+3 ROD HOLDALL

Following the success of the 1 + 1 and 2 + 2 holdalls we are pleased to announce the arrival of the 3 + 3. These premium 'ready rod' holdalls have been designed for all serious match anglers but are particularly aimed at the competition feeder angler and benefit from all of the tried and trusted features including Hardcase construction and internal rod locators.

The holdalls also benefit from increased length to accommodate a wider range of rods and an additional side pocket which now enables the storage of feeder arms, landing net handles and even an umbrella. There is also a dedicated 'tip tube' pocket to totally cover the requirements of all serious feeder anglers.

- Hardcase Construction
- Internal Rod Locators
- Padded Reel Separators
- Hardbase
- Two Large External Pockets
- External Tip Tube Pocket

### MONSTER® TIP TUBE

The Hardcase Tip Tube provides excellent protection for spare quiver tips. The full length zip gives total access allowing easy selection of tips and prevents delicate guides being damaged when being placed into the tube.

#### FEATURES

- Full Length Zip
- Hardcase Construction
- Will accommodate 20+ tips

W: 6CM H: 76CM D: 5.5CM

**TRADE QUANTITY: 1**

CODE	DESCRIPTION
PMLUG/18	Tip Tube

### MONSTER® FEEDER ROD BANDS

Developed with feeder anglers in mind these high quality neoprene bands are ideal for storing made up rods safely and securely and are particularly useful when you have an inline feeder attached to your rig which would normally hang loose in your holdall, potentially damaging the rod tip or blank. Now you can simply stow the feeder in the purpose designed pocket on the band to prevent any unwanted damage. Use in conjunction with the Monster luggage ready rod holdalls to achieve the ultimate in rod storage and safety.

**TRADE QUANTITY: 5**

CODE	DESCRIPTION
PMLUG/23	Feeder Rod Bands

### MONSTER® ROLLER AND ROOST BAG

Accommodates 2 large V Rollers or 2 Flat Rollers as well as all of your pole roosts, tripods and spare seatbox legs. Perfect for storing all of those large, extra long accessories that you can't fit into a standard carryall. The additional large front pocket is ideal for housing long hooklength boxes and other accessories. The Strap Retainer also allows you to stow away the padded shoulder strap when not in use to avoid mud and rain.

### CELSIUS THERMAL SUIT

Totally waterproof and seriously hot, the Drifish Celsius range is the warmest angling clothing you're ever likely to see ... or need.

With top quality manufacture throughout, the extremely durable Celsius range is designed for fishing in the coldest conditions, the thermal 'hollofil' lining traps your body heat with maximum efficiency, yet doesn't impede movement. In fact the Celsius is so warm you only need a minimum of additional clothing underneath it.

Combine the three-quarter length Jacket and Bib & Brace and you have the ultimate combination for cold conditions.

WATERPROOF RATING: 10000MM

#### JACKET FEATURES:

- Detachable wire peaked hood
- Velcro storm cuffs
- Waist adjustable
- Large expandable pockets
- High collar with fleece lining

#### BIB 'N' BRACE FEATURES

- Adjustable straps
- Storm sealed zip
- Reinforced knee pads
- Reinforced seat pad
- Warm fleece lined pockets
